

We would like to share an update of the latest news of the ministry of nightlight in downtown Sarnia at 181 Christina ST. N. Nightlight is an adult drop in centre that is a multi-denominational outreach to poor and marginalized people. It is a safe place to build meaningful relationships.

We wish to thank the Pastors and churches that have been involved with this mission in prayer and financial support. We look forward to sharing more with those whom we have not yet had the opportunity to connect with. We have included an attachment that gives more information from the website regarding the Sarnia nightlight opening.

After many months of prayers, planning and hard work from many people we opened the doors to our guests on Monday February 28th, 2022!

God has blessed us with many wonderful volunteers who have a heart to reach out to people that God brings through our doors. We are currently open two evenings a week; Mondays and Tuesdays from 6:00 to 9:00 p.m.. The goal is to offer three nights a week and this will be put in place when we have enough volunteers for a third team. You are always welcome to come and check us out and experience an evening at nightlight.

A typical evening at nightlight would include conversing with our guests and enjoying games, puzzles, ping pong, foosball, and craft activities. Free coffee/tea and snacks are provided and we are very thankful for the generous donations we have received to make this possible.

Nightlight is only operational through donations so please keep this outreach in your prayers for continued monthly pledges and donations. We would invite you to check out the website and click on the Sarnia campaign.

Thank you for your interest, prayers and support,

Murray and Gwen Stevenson
